

QRSD Superintendent Search Survey

Dr. Muir will be retiring from the Quabbin Regional School District at the end of the school year. As the School Committee looks to the future, they are seeking the community's input on what this district needs and would like in their next leader. An announcement will be made about upcoming public forums as soon as the dates have been confirmed.

At this time, students, parents, staff, community members and other stakeholders have been asked to provide their input by completing the Superintendent Search Survey accessible at the link below:
